**COMMANDER
Bill Hughes, JN**

On 10 February, we had our squadron's 38th change of watch aboard the *Marco Island Princess*. It was a beautiful evening as we cruised down the Marco River, around Isles of Capri and back to the gulf, watched the sunset and continued cruising as we ate a delicious meal and had the change of watch ceremony after the dessert. I thank the 74 members and guests who attended and took part in the event. District Commander Connie Beckman, SN, swore me in as Commander and swore the rest of the Bridge Officers in to their various positions.

Some of the goals for the next year that I spoke about are to continue doing the things that we do well. This may not be as simple as it sounds because where we have motivated people doing a good job now, next year, in many cases, we will need new people to do those jobs. This requires a pipeline of new talent to be trained and motivated to move up into new positions. For example, P/C Ted Reiss, SN-IN who is the Squadron Educational Officer, runs an excellent educational program but has an unfilled assistant position and some teaching positions open in his department. Also, Lt Gene Burson, P Chair of the Ways and Means Committee who ran the highly successful Wine and Hors d'Oeuvres fund raiser, will be looking for people to fill sub chair positions for next January's event. Furthermore, Gene is looking to be replaced the following year. At the same time, new people are joining the squadron. They should contact any Bridge member who can help match their interests with open positions in the squadron.

Another goal is to encourage new ideas for fun things to do. I mentioned a trip to Cuba as an example. Other possibilities could be a boat, bus, or a canoe trip to an interesting venue.

On 2 February, we had a signal flare exercise at the MI Yacht Club. About 82 boaters, 28 from MISPS, attended this successful, educational event. The Marco Fire Department also gave anyone present the opportunity to put out an actual fire using a fire extinguisher. (See pp. 8-9) 🚒

EXECUTIVE OFFICER
Lt/C Rhonda Glodt, AP

The 2016 -2017 Marco Island Sail and Power Squadron year has started off lovely with a wonderful dinner cruise on the Island Princess. What a great place to participate in the change of watch, the sunset, food and company was terrific! Thanks to the hard work of Lt/C Teri O’Connell, JN we all have our new rosters in hand!

I am very happy to report that the Executive Department is composed of truly dedicated individuals. Lt Jack Walsh, N always writes interesting and helpful safety articles. Lt Gene Burson, P continues to keep our squadron in the newspaper with much appreciated publicity. I am delighted that Gene and Wanda Burson have volunteered as Ways and Means Chairs again this year; they did a wonderful job in January with the Wine and Hors d’ Oeuvres Party! Lt Sheila Thieme, Supply Officer, keeps squadron items conveniently available for members to purchase; please take the time to check out the items that are available to you.

Vessel Safety Chair Lt Tom Ryan, P and his team are busy doing the boat exams and soon will be calling members who have not had their VSC yet. Tom has gained four more Certified Examiners and as of February the team has performed over 150 Vessel Safety Checks and currently is 2nd in District 22 and 2nd in National to date.

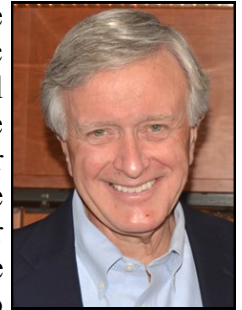

Co-op Charting Chair P/C Carl Thieme, SN with his team has been diligently working on the improvement of the markers (ATONS) around Marco Island. The City of Marco has finally received approval from the Corps of Engineers to start replacing damaged markers! I think our persistence in appearing before the city Waterways Committee since early last spring helped in this matter, plus coming before the City Council. MISPS has been an outspoken advocate for safety on the water. Carl has scheduled the Co-op Charting data entry training session for Monday 29 February to be held at the Condo. The District-22 Chair of Co-op Charting, Stf/C Jim Strothers, SN will be running the session.

I look forward to working with my enthusiastic Executive Department! 🍷

ADMINISTRATIVE OFFICER
Lt/C Tom Morr, P

“Oh, what a night!” The Change of Watch was again a terrific event. With Commander Bill Hughes, JN taking charge of the MISPS and former Commander Peggy Reiss, JN-IN receiving the happy accolades she has earned for leading us through a fun, productive and safe boating year. Kudos to Peggy and her team for all of their hard work. Job well done.

Who drives the success of MISPS? Its members. People join an organization like ours because they believe in its purpose; want to contribute their effort in a meaningful way and to enjoy the fun and fellowship that comes from being part of something bigger than themselves. It is impressive how many people give their time to make boating around Marco safe and enjoyable.

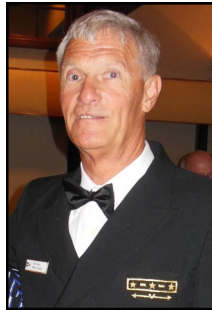

Among the duties of the Administrative Department is to attract, involve and retain members. More members mean a stronger organization and more value for all who belong. Everyone can contribute to this effort. If you have boating neighbors or friends who are not part of the MISPS, why not invite them to a dinner meeting, event or boating activity so they can see what they are missing. They will thank you for it.

2016 promises to be an active year. Thanks goes to Lt Wanda Day Burson for recruiting our dinner speakers and Lt Dorothy Harkness, S for coordinating the dinners (and ladies luncheons) and taking your reservations (and checks), Lt Ann Derwin for her work to make the cruise luncheons and captain’s meetings a success, to Lt Dave Dumas and our Cruise Captains for facilitating boating activities, to our Port Captain’s P/C Owen Henning, AP and Lt Jim O’Connell, P for making boaters from other places feel welcome, to Lt Pam Sander, JN and P/C Peggy Reiss, JN-IN for recruiting members and encouraging their participation and to P/C Ted Reiss, SN-IN for providing the Operations Training and guidance so things function smoothly. These and many other members are working hard to make MISPS rewarding for all. No doubt, from time to time they will need your help. I hope you will take satisfaction from giving them a hand. 🍷

EDUCATION OFFICER
P/C Edward Reiss, SN-IN

The winter education schedule is winding down. Only one ABC course and five seminars remain, however, two seminars are relatively new this year – Powerboat Handling for Boat Owners and Paddle Smart. My aim for the boat handling seminar is to have a classroom presentation on boat handling and then to have an instructor go with you on your boat to coach you in performing various boat handling operations like docking and anchoring as a start. You can bring your boat and tie up at the bulkhead by our condo building. This seminar on 5 March at 0930 definitely requires advanced registration so send me an email with your interest and boat size/type by 1 March. P/C Peggy Reiss, JN-IN, will bring her kayak to the Paddle Smart class on 10 March at 1300 to let you practice getting into a kayak, learning to paddle and how to be comfortable without getting wet.

Check the dates for the other seminars which are: Rules of the Road (do you know the differences in the rules when you enter the Gulf from the river?), Mariner’s Compass (what really makes a compass work and how to interpret the data) and Charting/GPS (the paper and electronic principles to know where you are and how to reach a destination). Let the instructors know you plan to attend. (See P. 18)

Students recently completing the Electronics Navigation course were: Marty Wilhelm, AP; Dennis Trego, N; and Ray Boller, AP. Congratulations to you all.

Filming of five or six safe boating events will be from 1 - 6 March. Five member’s boats will be used however we need passengers for each scenario. Any takers for being a movie star for half of a day? You will not need to say anything (the filming crew will dub in the correct words later), the director will let us know what we are expected to do, like how to throw a flotation device to a person in the water, and fun should be had by all.

Planning for the Fall and Winter courses and seminars will start soon. I have two requests. One, what topics are of interest to you? Should we create something different than what was presented this year? Two, who would like some encouragement, instruction, or practice in learning how to teach a USPS topic on safe boating? Please let me know since we need several additional instructors.

So let’s go boating and be safe. 🐬

SAFETY OFFICER
Lt Jack Walsh, N

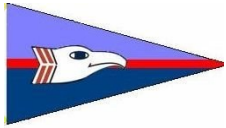

A 2007 US Coast Guard drowning report found that in water between 70° and 79°F, 8% of accidents resulted in fatality, while in water less than 59°F, 40% of accidents were fatal. The risk of drowning in cold water at 59°F is increased by 500%. A study by the Life-Saving Society the same year found that 60% drowned in water less than 50° and 34% drowned in water between 50° and 68°F. 43% of these drownings occurred less than 6 feet from safety and 90% were not wearing lifejacket’s. The most common reasons given for not wearing a lifejacket were: 1) they were close to shore, 2) they could put the lifejacket on in the water and 3) they didn’t need a lifejacket because they could swim.

Drowning in cold water is often not the result of hypothermia. On immersion in cold water three distinct physiologic phases occur. The initial phase which last approximately 1 minute, is the cold shock reflex response with gasping and the inability to breathe. The second phase lasting approximately 10 minutes is the incapacitation of muscles and nerves as the result of the cold temperature causing the inability to swim. The third phase which occurs in approximately 1 hour is hypothermia (1–10–1 Principal).

A lifejacket is essential to get past the first 2 phases and survive long enough to be rescued as without it, the inability to keep your head out of the water will result in drowning within the first 10 minutes. While the above discussion pertains specifically to immersion in cold water, immersion in water of any temperature lower than normal body temperature can lead to hypothermia as the result of the increased rate of heat transmission away from a body in water compared to air. The key to survival is wearing a lifejacket whenever you are on or near the water. The goal is to keep your head and face out of the water while you either try to rescue yourself or wait for rescue to arrive. 🐬

0200 on 13 March is the start of Daylight Savings Time Remember to turn your clocks ahead to 0300

MISPS 10th Annual Scavenger Hunt

If you haven't participated in this fun event, now's your chance! Those who have, will enjoy it again.

Co-Captains: P/C Peggy Reiss, JN-IN & P/C Ted Reiss, SN-IN

Date: Saturday, 19 March Start Time: 1000

Starting Place: Dock at Calusa Island Marina. Pick up a packet of rules, instructions and list of items to find.

Finish Time: Hunt ends anytime BEFORE 1600! Drop off your memory card (containing your pictures) with your packet of completed forms at 1600 to Co-Captains at screen room at Calusa Marina

Equipment Needed: Boat, digital camera, VHF radio, cell phone, GPS, usual boating stuff (sun glasses, head cover, sunscreen, water, and food if required, etc.).

Party: 1800 at Andy Battaglia's lanai @ 1450 Cutler Court. All participants are invited to attend, to enjoy pizza, soda, beer, wine (Suggest \$10 donation)

Rules: All photos must be taken from your boat during the hours of the hunt (1000 – 1600) All items photographed must be readily identifiable by the scorer. Multiple photos of the same item are acceptable.

ALL PARTICIPATING BOATS MUST BE REGISTERED BY WED. 16 MARCH

FLARE DEMO

Marco Island Sail & Power Squadron with support from USCGAUX Flotilla 95, M. I. Fire Rescue and M. I. Police held a “hands-on” Flare Demonstration on 2 February at the M. I. Yacht Club from 1000 to 1300. It was open to members of local boating clubs and fishing club plus event contributors from the USGC Auxiliary, M. I. Fire and Police Departments with over 80 participating. People brought their own flares and were surprised how dangerous the slag drippings from handheld flares could be to the boat deck and to themselves. It became apparent that protective gloves should be worn. Those shooting off flare guns realized that the flare cartridge only lasted about 10 seconds, so they should wait to fire until they see someone who could also see the flare. Those that fired out-of-date flares found a majority of were “duds”. Most participants had never fired a flare and were glad to have the educational opportunity, plus were advised to learn more about the different kind of flares. 🛥️

Joyce Martindell put out a fire with squeeze and sweep; fire vehicle in background near MIYC entrance

Boat Around Marco

On The Water Training

Text by P/C Ted Reiss, SN-IN

On Saturday 10 February thirteen students from the January ABC class braved the cool temperature and learned some of the realities of safe boating while reinforcing classroom information. Six boats each with a squadron member acting as narrator started from the Goodland launch ramp after a safety review of each boat's equipment. With everyone wearing a life jacket we progressed south to Coon Key light and then up the Marco River to the green over red junction marker at the mouth of the river. Conditions in the gulf were considered too rough for a safe trip completely around the island by all the boats. Along the trip, the red-right-return concept was pointed out numerous times, particularly at the Jolley Bridge. Students were able to see many bird nests as well. Channels and shallow spots were identified. Crossing and meeting situations were noted as other boats were encountered. Upon returning to Goodland the students were joined by squadron members for a total of 32 for lunch at the Old Marco Lodge. In all, this was a most worthwhile event. Hopefully we can schedule another on the water option after the March ABC class. 🐾

Lead boat with Squadron Educ. Officer P/C Ted Reiss, SN-IN and student boats following on Marco River arriving in Goodland

Student at helm of his boat with P/C Carl Thieme, SN on bow with line an another student with stern line approaching dock

Just Us II Ted ready to throw bow line and Bryan Mordecai, AP with stern line; Bryan was "guide" for students

Student boat arriving at dock of the Old Marco Lodge as part of ABC class graduates joining group for lunch; (left) Cdr Peggy Reiss, JN-IN grabs line from student's boat docking, while other squadron members help other boats with lines as they dock.

“Boat Around Marco” on the water training class boats arriving in Goodland to the Old Marco Lodge with our SEO in the lead

It was a chilly day ... note those jackets under the like jackets & a bit windy; students got a taste of real boating circumstances

Squadron members on dock assisting boating students by taking lines and securing to cleats or pilings

Some boats docked along the east side of the docks where there is less current, other boats did a nice job of docking in the slips

32 members and students met for lunch at the Old Marco Lodge in Goodland. Good service, good food and cordial boaters.

38th Marco Island Sail & Power Squadron Change of Watch

The 38th Change of Watch for MISPS again took place aboard the *Marco Island Princess* during a sunset cruise with 74 members participating on this auspicious occasion. Representatives from District 22, included D/C Connie Beckman, SN, Stf/C Jan Lane, SN-CN and Educational Officer D/Lt/C Don Cook, SN. Other honored guests were MIYC Commodore Randy Harris and wife Laurie, Cdr Nancy Nason, AP from Naples S&PS and her husband P/D/C Jack Nason, SN. Waters were smooth and air clean and crisp for the gorgeous sunset during the cruise. P/C Carl Thieme, SN served as the Master of Ceremonies. D/C Beckman dismissed the old Bridge and P/C Peggy Reiss, JN-IN received her appropriate P/C burgee. Peggy then went on to honor Lt Cliff Winings, SN and Lt Gene Burson, P for their outstanding contributions. P/C Ted Reiss, SN-IN received an Exceptional Teaching Award, presented by D/E/O Don Cook, SN. Next, D/C Beckman gave the oath of office to Bill Hughes, JN as Commander and the new Bridge was sworn in and received the flags of their office. Cdr Bill Hughes thanked Lt Dorothy Harkness, S for all her work as CoW Reservations Chair and then delivered his message of goals for our squadron in the coming year. As darkness descended, the lighted skyline reflecting on the water and was most picturesque. The evening ended when we arrived back at the dock after a fantastic voyage. 🚢

Squadron Monthly Cruise & Lunch

On 19 Feb it was a a delightful day for a cruise down Smokehouse Bay to the Esplanade and lunch outside at CJ's on the Bay. It was a little breezy, so Bob Marks and crew in his Grady White was the only boat on this occasion. For lunch 21 members enjoyed excellent meals and attentive service. After the meals were devoured, CJ's gave complimentary key lime pie with a candle to Anna Moore (P/C Steve Moore's Mom) to celebrate her 94th birthday and everyone sang happy birthday to her. New lunch chair Lt Ann Derwin was there with a clipboard for sign-ups for upcoming events. It was an enjoyable occasion and fun for all. 🚤

Gerry Marks, P, Bob Marks, JN and friends Bernie & Barry who arrived via their Grady White *Le Sujet Touché* with Bob at helm

Anna Moore, Ann Moore, S and P/C Steve Moore, S

P/C Al Jansen, AP, Pat Jansen and Marji Gentry (Charlie was playing golf)

Bob & Gerry Marks and Bernie and Barry from Whitehall just outside Allentown, PA

Bryan Mordecai, AP, D/1/Lt Andy Battaglia, SN & Cdr Bill Hughes, JN

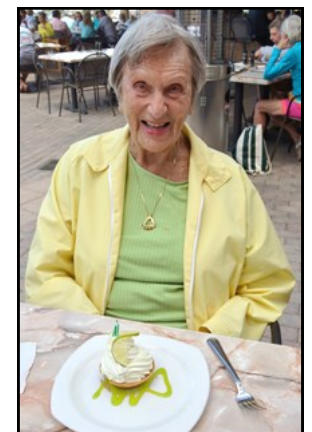

Lt Nick Rago, AP event Cruise Captain with Lt Gene Burson, P & Lt Wanda Burson

Lt Ann Derwin—Lunch Chair & Executive Officer Lt/C Rhonda Gloodt, AP
