**THE EAGLE'S EYE EDITOR**  
**D/1/Lt Andrea K. Battaglia, SN**

This is my last *The Eagle's Eye* issue as the Editor! I hope you noticed our new sponsor, ProCraft Roofing on page 18. I know many of our members need their roofs done after "Irma".

Marcy Marinelli will be doing the March *EE*. Marcy is originally from NE Ohio, but has lived in Maryland since 1970. Marcy and her husband Dan bought a condo on Marco in 2005 and moved down full time in April 2016.

Marcy is a Counselor/Educator and has worked in higher education most of her career teaching counseling and program management. She still works part-time teaching online for the University of Maryland College and does advising for Johns Hopkins University. Marcy is an avid Green Bay Packers fan, enjoys golf, quilting and her grandkids. Marcy and Dan joined the Marco Island Sail & Power Squadron to learn more about boating, meet people and make a contribution to our community.

I will miss doing *The Eagle's Eye*, but after about 10 years, I am glad to retire from this position! Don't worry, I will keep busy. In April I will take the position as the District 22 Treasurer. In the squadron I will remain the Chaplin and certainly will participate in the squadron whenever possible.

Andy B. 🍷

**COMMANDER**  
**Rhonda Gloodt, JN**

As Commander, member and friend I want to thank all the Marco Island Sail and Power Squadron Members for a year well done. Special thanks to the Bridge Members and members who held jobs that took many hours to complete. It is this dedication that makes our Marco Squadron so special. Our goals to help make our waters safer around Marco Island have been met by the Education Departments' increase in classes offered, reaching more students, and the Vessel Safety Examiners increasing their number of boats checked by almost 10 percent! I personally know that MISPS has helped me to be a more knowledgeable and a safer boater. I believe that MISPS has been a positive asset to our community. We have participated in many community events; involvement with the replacement of damaged or missing ATONS, the Chili Cook off to raise money for the Fire Rescue Foundation, helping pack 250,000 meals for Meals of Hope, donating Christmas gifts to underprivileged children, supporting each other in the post Hurricane Irma recovery, just to name a few of the community events squadron members were involved in.

We have had a lot of fun with members participating in events: the Blessing of the Fleet and lunch held at the Marco Island Yacht Club; everyone enjoyed the Mini Golf Tournament; the Rookery Bay Sunset Cruise with hors d'oeuvres; the Christmas Tree Lighting event with decorated tent and food; decorating the sail boats for the Christmas Street Parade, which won Best Lighting third year in a row! We enjoyed all our cruises and lunches to places like Port of the Isles, Everglades City, Isle of Capri, Naples, Goodland and Marco Restaurants and our picnics to Whitehorse Key, Coconut Island, and Cape Romano. We already have an exciting fun filled schedule for 2018. I hope to see you all out on the water!

Please take the time to attend one of the squadron classes or seminars this year; we have wonderful dedicated instructors. Let's make MISPS the most knowledgeable group of boaters out there!

I am proud to have been your Commander and look forward to giving my full support to our new 2018-19 Commander Gene Burson, AP. 🍷

**EXECUTIVE OFFICER**  
**Lt/C Gene Burson, AP**

Winter is here on Marco Island. Morning temperatures are down into the high 40's and the high for the day only reaching into the low 60's. This does not inspire many of us to go boating.

Since the squadron's Christmas Party, I am sure a lot of you have had family and friends come to see you in warm, sunny Florida; not so warm and sunny. We all suffer from the cold if it is 0° up North or 40°'s here on Marco Island.

A lot of us have been taking advantage of these cooler days to collect donations for the Wine & Hors d'oeuvres Party. Please read the update from Stosh Kott on the Silent Auction items.

Personally, I have started another class and find it very rewarding to stay in, read and do homework. If you are not taking a class, please consider taking a class soon or one of the many seminars.

We have a new feature on our website. Lt Cliff Winings, SN and P/C Carl Thieme, SN have been working together to create a bigger and better database of all day markers, ATONs and PATONs.

Our website is:

[marcoislandsailandpowersquadron.org](http://marcoislandsailandpowersquadron.org)

Click on the tab labeled "Coop Charting". Go down the page until you see the zone map on the left. To the right, click on the link in blue that ends with KMZ. In Windows, this will download the file to your computer; if you have Google Earth installed, clicking on the downloaded file will open a satellite view showing all the ATONs and PATONs around Marco Island. On MAC devices, clicking the KMZ link will open it in Google Earth or in Apple's MAPS app if either is installed. If your computer does not recognize the KMZ file, install the free Google Earth application or the Apple MAPS application and try again.

Another new thing on your computer. We will begin using Sail Angle to send out squadron-related emails. The United States Power Squadrons, National and District, have adopted Sail Angle for their email service. Sail Angle makes it easy for us to send out E-blasts to all members because it is connected to DB 2000 (Data Base of all USPS members).

Coming up on the 13th of February is the Change of Watch. (see page 23) This is where we thank the Bridge and Committee Chairs for the last watch year and welcome the new Bridge for the Watch year 2018-2019. It is a festive occasion. Hope to see you there! 🍷

**ADMINISTRATIVE OFFICER**  
**Lt/C Tom Morr, P**

Doing the right thing is the right thing. MISPS is motivated to teach boaters best practices, help boaters operate safely equipped vessels and encourage authorities to provide up-to-date charts and marks to keep the waters of Marco Island safe. All to assure that fun on the water remains that – fun!

Data point: VSC examiners met in January to plan our 2018 vessel safety check schedule. Thirteen examiners will fan out across the area to inspect boats of MISPS members and other boaters at no cost. We are a couple of examiners short. If you have time to help, please contact VSC Co-Chairs Lt John Salotto and Lt Dan Marinelli.

Data point: The 2018 MISPS education program launched with team of instructors offering 15 courses from Americas Boating Course to Weather to members and island boaters alike.

Data point: MISPS Cooperative Charting program has already met to begin to survey and report on the condition of aids to navigation. Co-Op Chair P/C Carl Thieme, SN has met with Collier County officials and presented a new ATON database with Google Earth visualization developed by Lt Cliff Winnings, SN that goes beyond Collier County's current capacity. The goal: assure Marco's waters are properly marked for safety.

Data point: In-coming Administrative Officer Bob Smith, P has planned a robust agenda of boating activities for 2018. It will help members gain valuable experience and operational insights so that regardless of experience level, all of our members are confident while operating their vessels (and have fun).

Data point: Cdr Rhonda Gloodt, JN and Lt/C Gene Burson, AP have been meeting since early fall with the leaders of all of Marco's boating organizations to build consensus and collaboration so that the boating community speaks with a coordinated voice about how to make boating safer here.

We should all be proud of being part of this engaged, proactive and committed group who are working hard to make operating a boat around Marco Island as safe and pleasurable as possible. While the Marco Sail and Power Squadron is also a social and civic organization, it is one with a safety mission and that mission attracts many people to join our cause. It is the right thing to do. 🍷

**EDUCATIONAL OFFICER**  
**D/Lt/C Ted Reiss, SN-CN**

Are you signed up for a class or seminar? If not, this winter, we still have **SEAMANSHIP** starting on 1 February, which includes more depth on safety and general boating information.

Seminars are scheduled for: **Anchoring** – How to select the proper site, equipment and methods; **Partner in Command** – Aimed at couples, what to do if the captain becomes unable to be in command; **Hurricane Preparedness** – Do’s and Don’ts for your boat to survive a storm; **How to Use a Chart; How to Use a GPS Chartplotter; Operations Training** – What our organization is all about and how it functions; **Vessel Trainer** – Classroom simulator of operating a boat; and my favorite **On-The-Water training** in your boat – Opportunity to learn how to operate and dock your boat. In addition at our District 22 there will be seminars on **Officer’s Training** – Insight on each of the squadron bridge positions; **DB2000** – Features of and how to negotiate the data base of our members; **Merit Marks** – Importance and how to record; and **Historian Reports** – Importance and how to record. Let me know your interest.

Over the past four years I was privileged to be the Squadron Educational Officer with the help of over a dozen members as instructors and helpers. My heartfelt thanks go out to all of them. Without them there would have been no program. Each has devoted numerous hours before class, in class and after class to insure that you have learned the particular subject. Our goal was and is for you to learn.

At the Change of Watch on 13 February, Lt Tom Ryan, AP will become the new SEO and 1/Lt John Maciolek, AP will continue as the Assistant SEO. They both share the same goals of getting members to learn. They will need your support but are very willing and capable for the positions. We are fortunate to have them.

I will continue as an instructor for various courses and seminars, so if I can help in any area let me know.

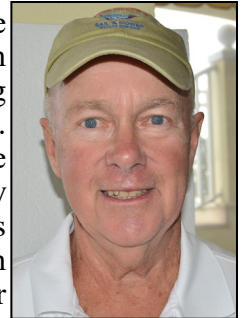

With that, keep learning, go boating and be safe. 🏠

**NOTICE: A special Executive Board Meeting is scheduled for Friday, 16 Feb. at 1300, MISPS condo**

**SAFETY OFFICER**  
**Lt Ed Bauer**

Advancements in technology have changed the way we boat- from automation at our helms to boating apps on our smartphones/tablets. However, recent studies indicate that instead of increasing our safety and enjoyment these technologies can negatively impact our time on the water and subtly affect our behavior at the helm.

A study at Cornell found people navigating by GPS become more immersed in the technology than in the environment about them. There are numerous examples of boaters running aground while following a route on the GPS, and driving their car right off the ferry terminal pier while following the directions on the GPS.

Situation awareness, a familiar term to professional captains and crew, is defined as having a keen sense of the events and conditions around us and the ability to apply our awareness of the events to our situation. Simply it is paying attention to what is going around you.

There is good evidence that the increasing number of devices supplying information at the helm is making us less observant and distracted. Regarding the recent tragic collision between the USS Fitzgerald and USS John McCain, the Navy’s CNO stated, “the sailors who were on watch on the Fitzgerald’s bridge lost situation awareness contributing to the collision”.

Considering our nearby waters in the post Irma environment, if we pay too much attention to our sonar, we could easily overlook that small branch at water level protruding from a submerged mangrove log.

That which we practice we perfect. Gather information from your devices and instruments but also practice continually observing your surroundings. Important observations include water depth, boat traffic, weather, water conditions and vessel data. Engage your passengers to assist as lookouts since situational awareness is a collective activity for all on board.

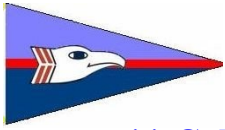

Good seamanship is balancing the technology at your helm with awareness of the world around you. As some old salt’s say, “Make sure you are sailing ahead of the ship,” \*

NOTE: Have you checked your fire extinguisher(s) for the Kidde recalls? Susan & I found another, this one was on the boat. Within a week we had a free replacement and the means to return the recalled one. 🏠

# Conservancy of SW Florida Nature Cruise in Rookery Bay

Gorgeous evening for 35 members and guests to board the boat for a narrated eco cruise in Rookery Bay. We saw birds like the oystercatcher, egrets, pelicans, cormorants, osprey, a bald eagle in it's nest and many more. We viewed a lovely rainbow for about two hours of the cruise as a gentle rain sprinkled outside the boat. Rhonda and Bob served delicious food from Stonewalls with help from Meg and Sonya. The Conservancy guides pointed out interesting things like types of mangroves and other facet's of Rookery Bay. Great time was had by all!

## New Member Gathering, 12 January

Marco Island Sail and Power Squadron invited the new members from 2017 to “meet & greet” the Bridge Officers and Committee Chairs to learn what USPS, District 22 and MISPS are all about. About 30 members met at the home of D/1/Lt Andrea Battaglia, SN under the leadership of Membership Chair P/C Peggy Reiss, JN-IN and included 12 new members. D/Lt/C Ted Reiss, SN-CN talked about the Squadron Educational Dept. and also about D22. Lt/C Gene Burson, AP and Lt/C Tom Morr, P talked about the Executive & Administrative Departments respectively. Lt John Salotto and Lt Dan Marinelli had the dialog on VSC. Lt Stosh Kott emphasized our upcoming fundraiser Wine Party. It was a very informative get-together and everyone enjoyed wine, beer, soda, snacks, salad, lots of pizza, plus cream puffs, cookies and coffee. Great time by all! 🍷

## Member Recognition Dinner Meeting

The Commander opened the 9 January dinner meeting by giving the USPS pledge to the new members. Bridge reports were given; then an enjoyable dinner was served at the M.I. Yacht Club. The meeting had an excellent program hosted by Cdr Rhonda Gloodt, JN. Members were recognized for Civic Service; new members were called upon to stand as squadron photos simultaneously appeared on the large movie screen. "New members are our future; they bring new ideas, a thirst for knowledge, and enthusiastic energy." Next, it takes lots of committees to help MISPS run smoothly. More than 10 members of Executive, Rules, Nominating, and Auditing committees were asked to stand and be recognized as well as that many from the Co-Op Charting Committee under P/C Carl Thieme, SN. "This group has been instrumental in seeing that damaged and missing ATONs have been replaced this past year." Acknowledgement of the thirteen VSC Examiners led by Lt Tom Ryan, AP was given for their

valuable service to the community. The event with the most participation was the Wine and Hors d'Oeuvres fundraiser under Executive Officer Lt/C Gene Burson, AP and Co-Chair Wanda Burson, S and Lt Stan Kott, S; many called upon to stand!

Rhonda “likes to think of the Administrative Dept. under Lt/C Tom Morr, P as the creation and fun department”. The Boating Chairs, Port Captains, Programs, Membership, Meetings Coordinator, Chair Lunch and Captains Meetings, and Operations Training Chair were recognized; again photos on screen. “I think the Ed Dept. of the heart of MISPS; if the heart of the body is not strong, then the rest of the body becomes weak.” Instructors and assistants were applauded. The Treasurer’s Dept. was given a nod, then a plaque “Terrific Treasurer to Lt/C Teri O’Connell, JN” was presented. Lt Cliff Winings, SN was called forward to receive the “Magnificent Web Master” plaque. Rhonda was proud to present the “Dynamic Education and Membership Team Award” to D/Lt/C Ted Reiss, SN-CN and P/C Peggy Reiss, JN-IN. Next, D/1/Lt Andy Battaglia, SN credited to various committees, as Life Member (30 MM) and a plaque for “Ten Outstanding years as *Eagles Eye* Editor”. It was such an uplifting meeting. Thanks Rhonda! 🏠

## Wine & Hors d'Oeuvres Party Squadron Fundraiser

Everyone can look back at the Wine & Hors d'Oeuvres Party and say it was one of the hardest and most satisfying volunteer projects that they have ever worked on. Thank you all for the outstanding effort everyone gave at this event. We do not have final numbers, but we believe we did as well as last year or even better. General Wine Party Chair Lt/C Gene Burson, AP and Assist. Chair Lt Wanda Burson, S will be scheduling a rap-up meeting soon. The Marco Island businesses and MISPS members donated a variety of items and services that everyone can enjoy. Cdr Rhonda Gloodt, JN was the emcee for the evening. Rhonda and Donations Chair Lt Stosh Kott, S announced businesses that donated items and the winners of the raffles. In between announcing raffle winners, Cdr Gloodt urged our guests to become members of our squadron, take boating classes, and to sign up for a FREE Vessel Safety Check.

Most of all, Wanda and Gene want to thank the Chairs for their time and talents, along with their crews, who worked so hard to collect donations, decorate the hall, provide hors d'oeuvres, sell tickets, etc. The chairs were: Publicity—Stosh Kott, Raffle & Silent Auctions Donations—Stosh Kott & Karen Urso, Raffle Distribution—Kathleen Reynolds with Mark & Lindsey McFadden, Raffle Ticket Sales Chairs—Bob & Meg Smith, 50/50 Ticket Sales—Sue & Ed Bauer (both ticket sales had large crews)

## Squadron Lunch at CJ's on the Bay

Nineteen members with long sleeves and all bundled up on a "cold" day (for Marco) on 18 January for Lunch at CJ's. The "cruise" portion of the event was not recommenced because of Hurricane Irma damage. The mouth of Collier Creek has debris blockage, 9-kn current in navigable small stream at high tide and also a sandbar. More "snowbirds" are returning! We were glad to welcome back P/Lt/C Mary Alice Wilson, JN and P/Lt/C Chuck Wilson, JN from Ohio. Much of the conversations were about getting ready for the up-coming wine party. Lt Sonya Benson was there with her clipboard of coming events. Enjoyable lunch, great camaraderie! 🍷

Lt Sonya Benson**

**P/Lt/C Mary Alice Wilson, JN and  
P/Lt/C Chuck Wilson, JN**

**P/C Bill Hughes, JN with Bob Gloodt and  
Commander Rhonda Gloodt, JN**

**D/1/Lt Andrea Battaglia, SN  
and Bryan Mordecai, AP**

**Lt Bob Smith, P and  
Meg Smith, P**

**D/Lt/C Ted Reiss, SN-CN and  
P/C Peggy Reiss, JN-IN**

**Vessel Safety Chair**  
Lt Tom Ryan, AP

### Vessel Safety Check Update

Your VSC team had a record year in 2017. We inspected 313 boats which is the most our Squadron has ever done in one season. We also had a number of record breaking individual contributions including Rudi Landwaard, JN who inspected 69 boats and Marty Wilhelm, AP who did 49. Congratulations to them and to the entire team for a job well done. Also, congratulations to the membership who participated by having their boats inspected. We inspected 80% of our member boats ... another record!

Our 2018 season is just starting up. We have the new Coast Guard decals and we will be contacting our members to set up appointments for their boats. Please help us achieve a 100% participation for 2018. If you have not been contacted yet, please call the new co-chairs to make sure you are on the list.

We have some changes for 2018. I will be turning over the reins to John Salotto and Dan Marinelli. They will be co-chairing the VSC team. Also, we are losing two of our most experienced team members this year: Lt Jim O'Connell, P and P/C Steve Moore, S. Both Jim and Steve have made significant contributions and they will be missed. They are not leaving the squadron, they are just retiring from climbing in and out of those boats!

For 2018, our major initiatives will be recruiting new Examiners and doing vessel safety checks for 100% of our member boats. We need a few more VEs and if you would like to hear about our team and what we do please give me, John or Dan a call. 🚤

# Ticket Tearing Party

Wine & Hors d'Oeuvres

Don Cates, Pat Mogan, Marcy Marinelli, Ed Bauer & Sue Bauer

Bob Smith, Meg Smith, Sonya Benson & Rhonda Gloodt

13 members met at Burson's home to "tear tickets" to get ready for the 26 Jan. upcoming Wine Party.

Wine Party Co-Chair Wanda Burson, Stosh Kott and Karen Urso ... tearing those tickets!

  - d. The buoy should be considered to be in the charted position if it has been freshly painted.

ANSWERS 1 a, 2 a, 3 c, 4 c

**Coleen & Scott Singer**

# Welcome New Members

By Karen Urso

All the way from Singapore we welcome new members Coleen and Scott Singer. Coleen was a docent at the Asian Civilizations Museum and Scott was an executive with Rio Tinto, the global mining company with operations worldwide. Certified scuba divers, they are also avid travelers as well as being boaters with 25 years of experience. Coleen's varied and interesting background is in technology, higher education and investment banking. They have a 25' Privateer fishing boat which is still up in New England where most of their previous boating was experienced. Currently they are exploring the island and the coastal waters in their rigid bottom inflatable awaiting the completion of their new seawall and dock. When that work is finished, they intend to purchase a cruising boat to venture further up and down the Intercoastal waterway in Florida. Fun fact: Coleen's roots in Marco go back even further as while a student at UF in 1981 she spent a season waitressing at the Snook Inn.

Welcome back to Coleen and warm squadron best wishes for years of happy boating and camaraderie in Marco. 🚤

# "Meet & Greet" Captain's Meeting at CJ's

Lt/C Gene Burson, AP & Lt Stosh Kott

Cdr Rhonda Glodt, JN & Bob Glodt, Lt Sonya Benson, Lt Karen Urso, Lt Wanda Burson, S & P/C Bill Hughes, JN

What a nice group! Over 30 members and about nine prospective members met on the 23 January at CJ's Gazebo bar for socializing and for guests to learn about our squadron. We were pleased to see more "snowbirds" added to the crowd. It was a seasonably warm evening for January, very comfortable. More talking about Irma damage repair progress, but most talk was of the up-coming Wine Party. Everyone ready to do "their jobs". 🏠 Photos by Marcy Marinelli

P/Lt/C Mary Alice Wilson, JN, Lt Sheila Thieme & Lt Dorothy Harkness, S (others in background)

Terri Stanton-Clement, Howard Clement and Safety Officer Lt Ed Bauer

Bob and Rhonda talking to prospective members (Don Cates)

Stosh & Karen with Basil Ascitutto & Judith Kelly-Ascitutto

## America's Boating Course January Class & Sextant Donation

The class: (note, our newest member Jennifer Jewett—far left)

At the 15 January public America's Boating class, Robert Herndon from the Marco Bay Yacht Club donated a beautiful vintage sextant made by C. Plath Hamburg to our squadron. C. Plath Hamburg started manufacturing sextants in Hamburg, Germany, in 1862. Tippy found one on eBay, serial #52099 that was made in 1969. The donated sextant serial number is 30857, which makes it considerably earlier than 1969. Cdr Rhonda Gloodt, JN explained about sextants to the ABC class and accepted the donation. P/C Tippy Cavanagh, SN was present as the Junior Navigation and Navigation course Instructor, and well acquainted with sextants. MISPS sincerely appreciates this special gift. The class went on to learn this basic boating course. 🚤

(L-R) Robert Herndon (sextant donor), D/Lt/C Ted Reiss, SN-CN, P/C Tippy Cavanagh, SN (Navigation Instructor), P/C Peggy Reiss, JN-IN, 1/Lt John Maciolek, AP & Cdr Rhonda Gloodt, JN
