It's hard to imagine that 2020 is coming to an end. I know many of us are glad to bid adieu to this year! I was comparing The Eagle's Eye from December 2019 to this month's edition. It's sad that COVID-19 has made us cut back our traditional holiday activities. From the tree lighting, to the Street parade to our holiday party, our club's celebration of the holiday season will look very different this year. Although we'll have a Zoom holiday party, it's not the same as dancing to the music of Rosetta Stone. Here's wishing you all a very happy holiday season and best wishes that 2021 will see an end to COVID-19 and the restart of our club activities.

Warm holiday greetings to everyone! All members are invited to help with our island's Christmas tree decoration at Veterans Community Park on December 1, 2020 at 9:00 am. There is no need to sign up, just come to the park ready to decorate.

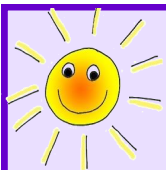

Everyone is also invited to our Holiday Zoom Cocktail Hour on December 9 at 5pm. Each member will receive an email invitation to participate early in the month. If you so choose, please dress in holiday attire, raise your beverage of choice in a holiday toast, and share with your fellow members what has been happening with you and your family during the past several months.

Thanks to all of you who participated in our November 11 Zoom Annual Membership Meeting, where we elected a new slate of Officers for 2021 and approved our 2021 operating budget. Special thanks to Bill Hughes, Steve Moore, Kathleen Reynolds and Tom Morr of the Nominating Committee and to Mick Haldeman, Teri O'Connell, and Andy Battaglia of the Budget and Finance Committee for all of their hard work in preparation for the coming year.

We are presently seeking volunteers to be delegates to the District 22 Winter Conference on Tuesday, January 5, 2021 at the Charlotte Harbor Event and Conference Center in Punta Gorda. There will be a luncheon at noon, followed by a combined Council and Conference Meeting. Please let me know if you would like to represent Marco Island at this important event.

I wish you all a wonderful holiday season and I'm, as always, hoping to see you on the water soon.

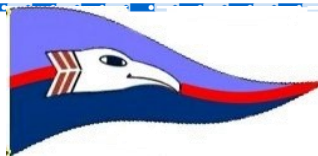

**SUNSHINE NEWS**

We haven't heard of any members who have been ill or been hospitalized this month. Stay healthy everyone!

Please let me know of anyone who is sick, injured or deceased. I will send a card in the name of the squadron.

**EXECUTIVE OFFICER**  
**Lt/C Wanda Burson, S**

Well my friends, 2020 has been a very strange year. This year we have had more hurricanes and tropical storms than we have had in an exceptionally long time. Almost all hit the Mid to Midwest part of the Gulf and we have been incredibly lucky. Now, that we are approaching the end of hurricane season we are expecting one this weekend or Monday. One thing to put in the column of good things that happened to us this year, this is supposed to be very mild and something most of us have been through before.

As I reported in the past, the Ways and Means Committee with the Finance Committee, have been working on replacing some of the funds we will miss due to the cancellation of the Wine & Hors d' Oeuvres fund raiser. We decided it would be good to send a letter to our Members and Past Supporters explaining the situation we find ourselves in. We are receiving responses and will keep you informed on the progress

We have been working on the new officer's installation lunch to be held January 13, 2021. We certainly want it to be a safe environment that is why I chose lunch rather than dinner. We will be meeting at the Island Country Club which has a large room that we can use for the installation. We can relax and know that all has been done to keep us safe. Please put this on your calendar.

A number of us participated in The Meals of Hope event held on November 21<sup>st</sup>. We joined over 300 volunteers to pack over 123,000 meals!

Although many of the Christmas Island Style events have been cancelled, the tree decorating will be in Veterans Park on December 1, 2020. It will begin at 9 a.m. We will be wearing masks. I do hope you will participate with decorating the Trees this year.

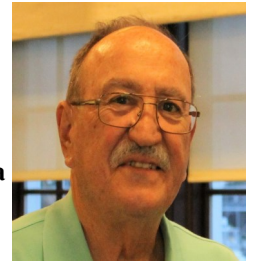

Kathleen Reynolds is organizing our annual holiday toy drive. See details about the toy drive on page 9.

Thanks for all that you do. I know this has been a trying year for us all. Wishing you all a wonderful Thanksgiving and smooth boating ahead.

**ADMINISTRATIVE OFFICER**  
**Lt/C Steve Riley, S**

After several ExCom meetings, it was decided to cancel our face-to-face meetings until 2021 WITH THE EXCEPTION of the Captain's meetings at C.J's. Instead of having our Christmas party at Bistro Soleil with Rosetta Stone on December 11, we are having a Zoom Christmas conference call at 1700 hours on December 9<sup>th</sup>. All of you will be given a link to easily connect to this event. Your Bridge is well aware this is not a fair exchange for the dinner/dance we had planned, but safety of our membership will always come first.

The Captain's Meetings at C.J's continue to be well attended. As to cruises, the Executive Committee has decided to cancel them due to Covid 19. However, I will ask the Ex-Com to consider allowing me to ask the membership by email if they would participate in a fishing contest possibly to include a dinner to follow at a place that would cook our catch (catfish excluded!). The dinner would be pre-conditioned on social distancing & masks.

Last month I asked that if you had any suggestions for events we could safely conduct, to please give me a call at 612-616-7517; no calls were received. In the meantime, please be careful and Welcome Back to you snowbirds!

## EDUCATION OFFICER

Lt/C Tippy Cavanagh, SN

This will be my last article as your Education Officer. It has been a trying year due to Covid 19, but we did successfully finish some courses and seminars in 2020.

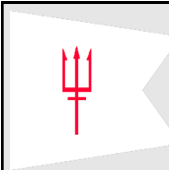

I'd like to shout out a big THANK YOU to all our instructors who have selflessly given up so much of their time to teach.

Our ABC course was held in January and February with a total of 30 students. We started another session in March but had to cancel the last two classes due to Covid. Instructors for ABC included John Maciolek, Bill Krepplein, Peggy Reiss and Kathleen Reynolds. Andy Battaglia was always available to help with knot tying.

Nick Rago and Ed Bauer taught one session of Boat Handling in January with seven students. Unfortunately, we had to cancel the second session scheduled for late March. Gene Burson had five students who successfully completed the new Marine Navigation (Piloting) course. My Navigation class finished up with Gene Burson passing his open book exam. We are still waiting for some clear and dry skies to get his sight folder done.

Several seminars were also completed. Two sessions of the Charting/GPS seminar were taught by Carl Thieme and Rhonda Gloodt in January and February with a total of 13 attending, but the third session had to be cancelled due to Covid. Jim Olmes taught the popular VHF/DSC radio seminar in late January with six attendees.

Our education program could not survive without such dedicated teachers, and I want to thank each and every one of them. I will be turning over my reins to the very capable, dedicated, learned Ted Reiss starting January 1. I can't think of anyone who would be a better Education Officer than Ted. Please give him your support. He will be meeting with all the instructors in the near future. Hopefully, the new year will bring good news about this terrible virus and that soon we will have a vaccine available. Only then will we be able to resume our normal activities. Until then, be safe and have fun on the water.

## SAFETY OFFICER

Lt Ed Bauer, S

It's that time again for the Coast Guard's Annual Recreational Boating Accident Report. This information can provide us with valuable insights toward safer boating.

In 2019, the Coast Guard counted 4,168 accidents that involved 613 deaths, 2,559 injuries and approximately \$55 million dollars of damage to property as a result of recreational boating accidents. The fatality rate was 5.2 deaths per 100,000 registered recreational vessels. This rate represents a 1.9% decrease from the 2018 fatality rate of 5.3 deaths per 100,000 registered recreational vessels. Compared to 2018, the number of accidents increased 0.6%, the number of deaths decreased 3.2%, and the number of injuries increased 1.9%.

Where cause of death was known, 79% of fatal boating accident victims drowned. Of those drowning victims with reported life jacket usage, 86% were not wearing a life jacket. Where length of the boat was known, eight out of every ten boaters who drowned were using vessels less than 21 feet in length.

Alcohol use is by far the leading known contributing factor in fatal boating accidents; where the primary cause was known, it was listed as the leading factor in 23% of deaths.

Where instruction was known, 70% of deaths occurred on boats where the operator did not receive boating safety instruction.

Only 20% percent of deaths occurred on vessels where the operator had received a nationally approved boating safety education certificate.

The top five primary contributing factors to boating accidents and casualties are: operator inattention, improper lookout, operator inexperience, excessive speed and alcohol use.

More than 50% of all accidents, deaths, and injuries occur in calm waters of waves 6 inches or less.

So, if you are a senior who has not completed a safe boating course, operating an open powerboat, been drinking, speeding not paying attention, and, not wearing a PFD, chances are good that you will become a Coast Guard statistic.

See page 10 for a detailed table describing the top primary contributing factors for boating injuries, accidents and deaths.

# LEARNING CENTER CLEANED AND SANITIZED

A special thanks goes out to Ted and Peggy Reiss, Tom Morr, Gene Burson and Tippy Cavanagh who spent the morning of November 2 cleaning and sanitizing the Learning Center prior to the upcoming fall course schedule. Bob Smith and Bob Gloodt also worked in the Learning Center the weekend before, cleaning up after the construction project to repair the ceiling. Thanks to all who so willingly gave of their time! We'll be ready to offer classes observing all CDC safety guidelines, such as masks, hygiene and social distancing. Thanks to Gene Burson and Tom Morr for the photos.

## HOLIDAY TOY DRIVE

The Kiwanis Club will again be holding their annual toy drive and distribution for the children at Manatee Elementary School. School staff have asked that we continue this tradition even under trying covid circumstances due to the particularly challenging times so many of the Manatee families have endured in 2020. Toy distribution will be outside of the school and under a tent. Presents will be placed on a table for each child to take. Mr. and Mrs. Santa will be there, but will not interact directly with the children. If members of our local America's Boating Club wish to again participate by donating toys, it will be very much appreciated. Members are welcome to donate appropriate gifts in the \$15 to \$20 range for a boy or girl aged from Pre-K to Grade 5. Donations accepted at Kathleen Reynolds' home, 1685 Ludlow Road, Marco Island, from 6 - 8 p.m. on Tuesday December 1 and Tuesday December 8. If those times don't work for you, please call me at 239-394-0459, and we'll arrange a mutually convenient time. Thanks.

## THE SHIFTING SANDS OF MARCO

Cliff Winings submitted the following photographs taken from the 18th Floor of Shipp's Landing on two different days in November. The photos are looking approximately southeast toward Dickman's Island; the northern tip of Kice Island is at the upper right.

The photo on the left is at tide = -0.8 ft. on Nov 17. At this tide level the route from Caxambas Pass to Kice Island is completely blocked by exposed shoals in two places.

The second photo is at tide = +0.4 ft. on Nov 21. Water is clear and beautiful but less than a foot deep in the best route.

These photos remind us why it's important to have local knowledge of our waters as there are so many factors that impact how we can navigate on a day-to-day basis. Thanks Cliff for sharing these photos!
