THE EAGLE'S EYE EDITOR
Lt Jane Orsulak

It's back up north for me in just a few days! I really enjoyed exploring the waters around Marco – now Tim and I will be exploring Lake Erie.

Since I will not be returning to Florida until October, please send any pictures of club events for me to include in upcoming newsletters.

I welcome any comments and suggestions to the newsletter. Please email to jmo.abcd@gmail.com

SUNSHINE NEWS
Lt Ann Marie Ryan

The following cards were sent in the last month.

- Sympathy card to Nancy Zikmanis for Gunars Zikmanis who passed away on April 12, 2023
- Get well card to Joe Whiting

Please let me know of anyone who is sick, injured, or deceased. I will send a card in the name of the squadron.

Ann Marie Ryan,

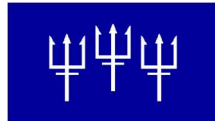

908-313-8357

May Birthdays

Happy birthday to the following MISPS members who are celebrating their birthdays this month. If we've missed your birthday, contact the Editor.

- 05/06 Linda B. Spell"
- 05/07 Robert J. Gloodt"
- 05/09 Nanette Rivera"
- 05/11 Christopher P. Ricci"
- 05/23 Christopher Frost"
- 05/26 Kenneth J. Koos"
- 05/29 David A. Randall"

COMMANDER
Cdr David Chaney

Like many of you, Linette and I are enjoying the spring, the celebration of faith, family, and Mother Nature's forever promise of renewal. That renewal is ever present as I look out at my landscape from my remote camera

from our home in Ohio to see the daffodils in bloom, our redbud tree starting to color and the weeds coming up through the shrubs!! Yes, it is the time when the snowbirds head home and Marco returns to the quiet, peaceful community that so many of you make home year-round.

Unfortunately, the slowdown also means fewer members are around to participate in many of our club's events. The April Scavenger Hunt and our New Members picnic had to be postponed until Marco comes alive in the fall.

The cancelation of our April dinner meeting, due to a water leak at the Yacht Club, prevented many of you from getting an update from the Bridge, so I will cover the highlights. First, we are in good financial shape heading into the spring and summer months as reported by our treasurer Lt. Jerry Cole. We need to thank the Audit Committee (Bill Hughes, Steve Riley and Deborah Rago) for completing their work and reporting that records for 2022 are complete, neat and accurate. Peggy Reiss, our Membership Recruitment/Retention Chair, reported we have 14 new members so far this year and we look forward to meeting and welcoming them into the squadron. Education Officer Ted Reiss reported classes are over for the spring and they will resume in the fall with a new Marine Navigation course. Dave Randall, Administrative Officer, is forming a committee to "Freshen Up" the Learning Center Condo this summer and ready it for fall classes. As you may know, the Yacht Club will not be available in the fall due to remodeling. Wanda Burson and I have reviewed a contract with the Marco Island Lutheran Church for the fall 2023 and Spring 2024 dinner meetings and we will be signing the contract to secure dates. We currently have a Dinner Committee made up of ten members to help plan and set up the dinner meetings. This new venue will allow us a

greater variety in the menu selections, flexibility to hold special theme events and best of all reduce our per dinner cost. Yes, wine and beer will be available for a donation. Look for more details in the months to come and we could still use several more volunteers to serve on the Dinner Committee.

The District 22 Spring Conference was well represented by your squadron and as your Commander, I attended along with five delegates: Andrea Battaglia, Wanda Burson, Linette Chaney, Peggy Reiss and Ted Reiss. As a voting body we elected and installed a new bridge with D/L/C Matt Braatz, JN (Manatee) becoming our new District 22 Commander. See photos for details. We also approved a motion that District 22 will provide up to \$700 per squadron for the purchase of a MuVIT Boating Training Simulator (not to include the computer or TV monitor). Orders must be placed within the next 90 days to receive the funding. We will participate.

We need to thank and congratulate P/D/C Gene Burson, JN for his past year of service as District 22 Commander. While Gene had many accomplishments as District 22 Commander, his leadership and guidance in the By-Laws revision and implementation was significant and benefitted the entire District. He has set MISPS up for continued success with by-law flexibility that will meet our needs for years to come. He will now serve on the 2023 District 22 Nominating Committee.

At the 2023 District 22 Conference, Marco Island Sail & Power Squadron received 5 awards: 1) The Eagle's Eye received recognition of Distinctive Performance for Publications in 2022. 2) Distinctive Performance for Websites in 2022. 3) Third Place for the 2022 Fort Meyers and Peace River Publication and Graphics Award for Best Publication and Use of Illustrations for Overall Design Including Cover and Contents. 4) USPS Educational Fund Certificate of Merit for our 36 Years of Participation and Extraordinary Contribution to Further Education in the Fields of Navigation and Small Boat Handling. 5) P/D/C Ted Reiss, SN-CN was recognized as the 2022 Charles F. Chapman Award winner for his Excellence in Teaching. Congratulations go out to Lt. Jane Orsulak our Eagle's Eye Editor, Lt Cliff Winings our Web Master and all those who contributed content and guidance to our Eagle's Eye newsletter and our marketing communication efforts.

I know we all thank Ted Reiss for leading our 2022 education efforts and again being recognized for his commitment to education.

May is now in full swing with several important squadron events that need your support and attendance. I need everyone who can make time to attend the Safe Boating Week Proclamation on May 8th at 5:30 at the Marco Island City Hall. Wear your PFD. Your attendance shows your support for three very worthy causes.

- 1) The public will recognize our overwhelming commitment to Boating Safety by seeing us in the Coastal Breeze.
- 2) You will be showing all First Responders the respect and thanks they deserve for being ready to save lives 365 days a year.
- 3) You will be showing our Safe Boating Partners and Wine & Hors d'oeuvre Fundraising donation partners that we do more than ask for donations with their contributions. They will remember us when we ask for a 2024 donation. Please read the flyer and mark your calendars. Keep up with the events listed in the newsletter.

Thank you for your support and encouragement. Linette and I look forward to seeing everyone again in the fall. I am off to pull weeds!

Swearing In of the 2023 District 22 Bridge: (left to right) Chief Commander Craig Fraser SN-CN, District Commander Matt Braatz JN (Manatee), District Educational Officer Myles Gee, SN-IN (Manatee), District Executive Officer Ron Jones AP (Peace River), District Secretary Caroly Perkins S (Peace River), District Treasurer Casey Considine JN (St Petersburg), Asst District Educational Officer David Haddox S (Anna Maria Island), Asst District Secretary Michele Kennedy (St Petersburg)

ADMINISTRATIVE OFFICER
Lt/C David Randall, AP

Even as the snowbirds flee the scene, your Squadron has all sorts of activities and get – together for us. Mark your calendars and check the website frequently!

June 3 – Marco Island Historical Museum

This cool venue has educational material on the Native Americans who preceded us as well as the story of the Mackle brothers and their vision of creating this paradise. More specifics to follow on the website!

Time: 13:00

June 6 and 20 - Cards at the condo

Join Dorothy and the usual suspects for high stakes excitement at cards at the condo. Give Dorothy a call for questions!

13:00 as usual

Hand, Knee & Foot” Card Game

Call: Lt Dorothy Harkness, S at 239-642-3575

Email: dorothyharkness@embarqmail.com

Easy to learn this fun game ... nice to play while on cruises. Socialize with members of the squadron, give Dorothy a call ... 239-642-3575.

Social distancing will be observed.

June 7 - Ridgeway Ban and Grill in Old Naples

A 2022 Wine Spectator Award of Excellence winner, this is a great venue in Old Naples and an excuse to venture off the island now that tourism is at a dull roar and we have our area back! Meet at 11:30

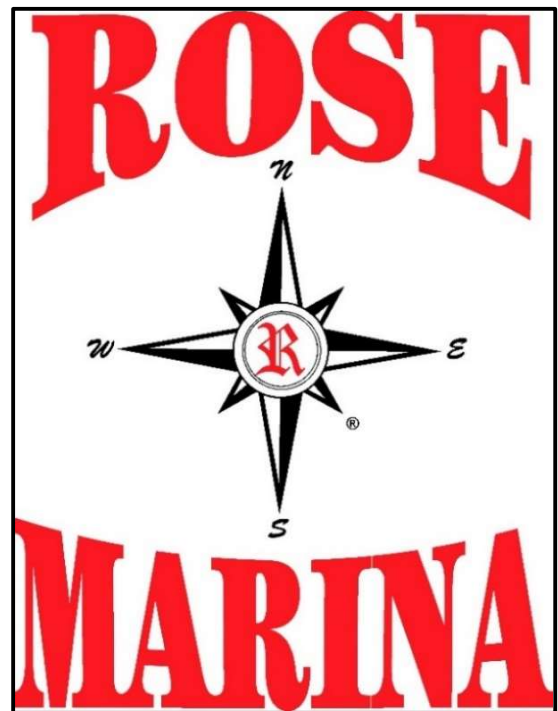

June 12 – cruise and picnic at the Sand Dollar

A trusty local beach that never fails to please.

Time: 11:30

And of course – Captains’ Meeting on June 14 and 28

Our usual haunt at the Esplanade at 17:00!

EDUCATIONAL OFFICER
P/D/C Ted Reiss, SN-CN

Congratulation to Jim Addison for passing both the America's Boating Course and Boat Handling course. Congratulations to Chris Frost for passing Electrical Systems. Both did very well.

Education schedule is over until the Fall. We finished up with 7 students in Hurricane Preparedness seminar taught by P/C Rhonda Gloodt and myself and 14 members in the CPR/AED seminar taught by the Marco Island Emergency Medical Services. Look for the new education schedule in September on our website. Before then, let me know what courses, seminars or topics interest you OR how you can help with instructing.

We plan to present the new Marine Navigation course (formerly called Piloting). The beta version was released on 31 January. Gene Burson, Carl Thieme and myself are reviewing it now and will provide comments to national. The new course combines paper chart exercises and electronic charting features using the FREE Open CPN (Chart Plotter Navigation) software. Course leads you through loading the software, downloading the latest marine charts for the whole country, using it to create waypoints/routes and determining expected times/distances for each trip. Tide and current prediction is also included.

America's Boating Channel now has over 70 four to five minute videos on "how to NOT do" and "how TO do" many aspects of safe boating. Personal water craft, navigation, docking, inlets, and life jackets are just a few. An index by topic is now on our website, under the education schedule, which includes how to find the topic of your choice. On 16 April, the America's Boating Channel came alive as an actual internet/streaming channel. Go to YouTube on your computer or on your smart TV. For the first time, I searched by typing America's Boating Channel. There may be another way. Then I hit the channel and all the videos came up sorted by each of the first

six years (about 10 per year) plus other videos. Take a look.

Jump Start program is available only for members. This is free, on-the-water training on your boat. Last month three members improved their skills. Let me know if you are interested so we can determine how to improve your skills.

For the time being, those who wish to attend should just show up at CJ's and be ready to enjoy a meet and greet!

SAFETY OFFICER
Lt Kenneth Deutsch

Boating Safety Checklist

Preseason Preparation

- Current registration/documentation papers (including boat trailer) and numbers/decals affixed as required. If you fish, fishing license and fishing gear aboard?
- Review federal, state, and local boating laws and navigation rules
- Join or renew your on-water towing membership
- Maintain boat and systems per manufacturer recommendations and your visual inspection
- Check expiration dates and condition of fire extinguishers and pyrotechnic flares
- Program your VHF radio with your MMSI number
- Schedule your free vessel safety check

Before Departure

- Check weather forecasts, tides, current
- File a float plan with a trusted contact ashore
- Follow safe fueling practices; make sure blower fans are in working order if inboard powered
- Check operation of bilge pump, auto switch, alarms
- Ensure you have appropriate-size life jackets in good repair, and that children wear them. Need a child-sized life jacket? You can often borrow them at a loaner site.
- Brief crew on locations and operation of safety equipment including: life jackets, life sling, or throwable flotation; sound-producing device; flares/visual distress signals; fire extinguishers; and a spare engine cutoff lanyard, if equipped.
- Turn on VHF radio. Show passengers how to select Ch. 16, how to use mic, and when/how to transmit a Mayday. Brief on how/when to use and not use the DSC feature if you have it; ensure the MMSI is programmed in
- Check operation of navigation/running lights
- Ensure that one anchor and rode is ready for immediate use

- Before starting a gasoline inboard engine, run blower for at least 4 minutes
- Attach engine shutoff switch lanyard or device, if fitted

On The Water

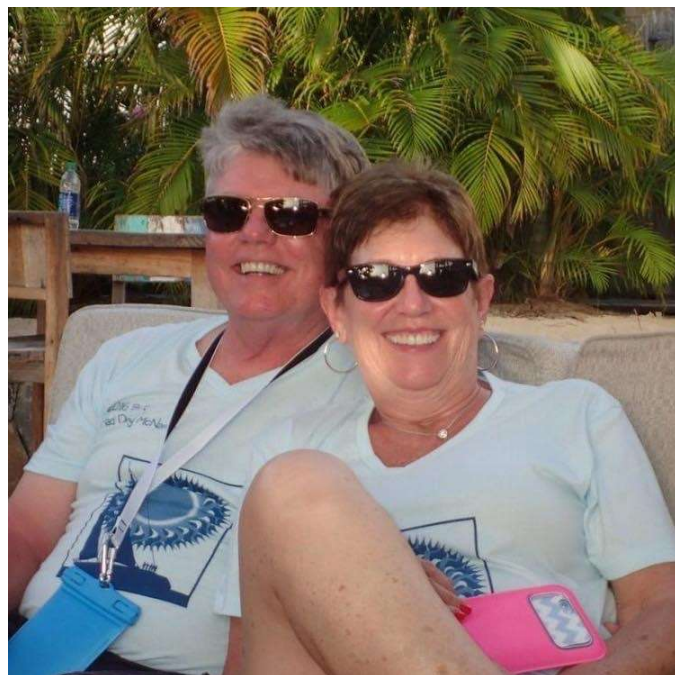

- Departing the harbor, store a "go home" waypoint on the GPS, if equipped
- Know the waters you're navigating. Refer to local charts, stay within marked channels, be aware of tides, currents, and areas such as inlets with challenging seas
- Avoid distracted driving, scan the horizon continually for other boats' movements
- Be weather-aware (watch for wind/cloud changes, monitor weather channels)
- While underway, no passengers on the bow, gunwales, or transom
- Monitor fuel consumption and remaining range. Use the "Three-Thirds" rule: one-third outbound, one-third inbound, one-third reserve
- Engines OFF if people are swimming
- Be aware of dangerous CO gasses from engines and/or generators
- Drink plenty of water; wear sunscreen; don't boat under the influence

Should you desire, you can download a copy of this checklist at <https://www.boatus.com/expert-advice/expert-advice-archive/2023/april/spring-boating-safety-checklist>, have it laminated at an office supply store, and use a dry erase marker to check items off before you head out.

Membership Corner P/C Peggy Reiss, JN-IN

Welcome to the Membership Corner!

Chris and Jeff Williams are originally from Rochester, New York on the shores of Lake Ontario. They have been married for 48 years, have two daughters 46 and 42. Jeff learned to sail crewing for a co-worker who campaigned his sailboat in club regattas and long -distance races on Lake Ontario. Jeff eventually bought the sailboat he raced on, and Chris and Jeff began their life-long love of boating together.

The plan was the same each year. Get the boat in the water by Memorial Day and spend every weekend sailing and anchoring out with friends. In addition, each year they would take a cruise across Lake Ontario to various destinations in Canada. The boating season was short up north and they wanted to pack as much in as they possibly could before hauling the boat out for a winter. Winters were for dreaming about and planning next year's cruise!

They were originally drawn to the Power Squadron to learn more about seamanship and piloting. They joined the Rochester Sail and Power Squadron in 1989 and began taking courses. After a job change moved Jeff, Chris and the family to New Orleans, they joined Lake Pontchartrain Sail and Power Squadron, bought another sailboat and enjoyed cruising the Gulf Coast.

Chris and Jeff have sailed together for the past 40 years and enjoyed cruising Lake Ontario, the Gulf Coast, the BVI's and the Ionian Islands in Greece. They'll be setting sail with friends next week in Grenada for their next adventure.

Chris and Jeff retired from their jobs in 2015 and are now living full time in Naples.

AUDIT COMMITTEE REPORT P/C William J. Hughes Chair, JN

In accordance with the America's Boating Club of Marco Island By Laws, the Audit Committee conducted an audit of the club's Financial Statement and Records for the 2022 calendar year.

The Treasurer presented hard copy records of Deposits, Disbursements, Bank Reconciliations and Inventories for sampling and perusal by the Audit Committee. The records were found to be complete, neat, and accurate.

The auditing Committee, based on its sampling of supporting documents, believes the financial statements and records are presented fairly and that no operational issues were noted.

The committee would like to thank your treasurer, Gerald Cole, for this skill in using the QuickBooks' accounting program and for his making records easily available to the auditing team as well as his work in keeping the records up to date and accurate.

Club staff attending:

- Lt/C Gerald J. Cole, Treasurer
- Eugene S Wordehoff, Asst Treasurer

Audit Committee Members:

- P/C William J. Hughes, JN, Chair
- Lt Steven W. Riley, S
- Lt Deborah A. Rago (on vacation)

ATON SURVEY UPDATE Lt Cliff Winings, SN

Members of the Coop Charting Committee completed surveys in February and March of Aids to Navigation (ATONs) in waterways from Everglades City to about one mile north of Marco Island. Andy Battaglia, Dave Chaney, Gerald Cole, Ken Deutsch, Kay Deutsch, Chris Frost, Carl Thieme, Jerry Williams and Cliff Winings participated in this work. Survey data and photos were entered into our database that is published on the Aids-to-Navigation page of our website. Data is published both as an Excel file with current and historical data and as a kml file with current data that can be downloaded and opened in Google Earth. In Google Earth the ATONs are plotted as icons on a satellite image, where each icon indicates the basic condition of the ATON. Clicking on an icon brings up details and a photo of the ATON.

The table below is from the Excel file on our website. It summarizes survey results by ATON owner. Collier County owns and maintains about 2/3 of the ATONs in our area. The United States Coast Guard owns the ATONs in Capri Pass, the channel to Naples, and the main Everglade City channels. The City of Marco Island owns the ATONs in Factory Bay, Collier Bay, Smokehouse Bay and near Hideaway Beach (all but one of the City's ATONs that "Need Repair" are in the Hideaway Beach area). "Private/City" are ATONs in the city limits but owned by a business or other organization.

There are two major issues with ATONs in our area: (1) missing or poor condition and (2) nautical chart position is far from the actual position. The 53 ATONs "Off station > 150 ft and on chart 11430" are shown on the nautical chart more than 150 ft from their actual position; 12 of these are off by > 1000 ft. About 84 % of the ATONs in our area are on the light list and 62% are on the nautical chart. USCG controls the light list. NOAA controls nautical charts and gets ATON position information from the light list.

ATON owners repaired or replaced more than 70 ATONs in the past year. But because of damage by

Hurricane Ian and normal deterioration, the total number that “Need Repair” has increased from 80 to 104. We have issued reports to the city and county with details regarding their ATONs, have scheduled a meeting with the county to review the information, and have reported all discrepancies to USCG. We have also, for the first time, fully participated in the USPS Nautical Reporting program by submitting reports on all surveys to USPS National.

ATON Discrepancies by Owner				
Owner	Number of Aids	Need Repair*	Fair**	Off station > 150 ft and on chart 11430
Collier County	224	84	28	46
USCG	68	7	11	3
City of Marco Island	35	9	4	4
Private/City	5	4	1	0
Total	332	104	44	53

* "Need Repair": Condition = Poor, Missing, Piling only, Missing one side, Special problem, or Proposed new
 ** Condition = "Fair": Has a significant issue, but signs are still legible and the aid is functional, so is not included in "Needs Repair".

Make Your Boat A Safe Boat

ATTENTION MISPS Members

It's time to get your **FREE 2023 Vessel Safety Check!**

Show the boating community you are a responsible boat operator.

Have peace of mind that your boat has all the right safety equipment.

- 1) **BOTH INTERNATIONAL & INLAND** Your power-driven vessel is stopped and making no way, but is not in any way disabled. Another vessel is approaching you on your starboard beam. Which statement is TRUE?
 - a) The other vessel must give way since your vessel is stopped.
 - b) Your vessel is the give-way vessel in a crossing situation.
 - c) You should be showing the lights or shapes for a vessel not under command.
 - d) You should be showing the lights or shapes for a vessel restricted in her ability to maneuver.
- 2) In order to discharge a CO2 portable fire extinguisher, the operator must FIRST _____ .
 - a) invert the CO2 extinguisher
 - b) squeeze the two trigger handles together
 - c) remove the locking pin
 - d) open the discharge valve
- 3) Which statement about a tunnel bow thruster is TRUE?
 - a) It provides lateral control without affecting headway.
 - b) It is fully effective at speeds up to about six knots.
 - c) It can be used to slow the ship in addition to backing down.
 - d) It will allow you to hold a position when the current is from astern
- 4) A vessel brought alongside should be fended off the towing vessel by _____.
 - a) crew members using their arms
 - b) a boat hook
 - c) fenders
 - d) No fending is necessary due to the rugged construction of most towing vessels.

Rod and Gun Club Cruise March 29, 2023

PC Andy Battaglia at 12 o'clock and going clockwise: Lt Steve and Julie Riley, Anne and PC Steve Moore, Lt Cliff and Joyce Winings and PC Carl and Sheila Thieme.

Seas were glassy smooth on the way out and only a little choppy coming back.

Clockwise is Jim Addison, Peggy and Ted Reiss, Wanda Burson, Gene Burson, Sonny McKay, Nancy McKay and their guest, her sister, Rachael Harvey, PC of the St. Paul Sail and Power Squadron

There were 19 of us all together. PDC Ted and PC Peggy Reiss, PC Andy Battaglia and Chris Frost came by boat- "Just Us" and Jim and Marianne Addison came on their boat, "Pinch Me". The rest drove.

On the first day of each month (May 6th), **Collier County residents receive free zoo admission all day long.** If you are a full-time Collier County Resident, show your driver's license with your Collier County address. If you are a snowbird who owns property in Collier County, provide a document with your Collier County address such as a utility bill, tax bill, etc. along with a photo ID for free admission. Parking is free.

Linette Chaney recently visited the zoo to inquire the best time to arrive, schedule of events, etc. She was told the best time to be at the zoo is when they open as the animals are active, it is not so hot, and it is a free admission day. Below is a suggested schedule for the day, however, feel free to arrive anytime to suit your schedule for Saturday.

Everything Is Happening At The Zoo!

Naples Zoo Caribbean Gardens

Saturday, May 6

9:00 am (or your choice)

**1590 Goodlette-Frank Rd,
Naples FL**

9:00 AM arrive at zoo when they open.

9:20 AM or 9:50 AM – Once you have entered the zoo, walk to the Primate Expedition Cruise and get in line. The first boat tour of the day is 9:20 am and the second boat tour is 9:50 am.

11:30 - Noon – Meet at the Giraffe Exhibit. If you want to feed the giraffes for \$5 arrive by 11:30 AM. At Noon is the Meet the Keeper: Giraffe Exhibit.

12:30 – 1:00 – Meet for lunch at Café Roar. You can buy a lunch or bring your own.

Other Events On Your Own:

- 10:00** Meet the Red-Footed Tortoise
- 11:00** Meet the Florida Panther
- 11:30** Meet the Gardens Keeper
- 1:00** Meet the Siamang
- 2:00** Meet the Cheetah
- 3:00** Alligator Feeding

Meet Linette At 9:00 AM Inside The Front Gate

Please confirm your participation and arrival time to: **Linette Chaney**
